Samuel H. Gatchell III - Chief of Police

News Release

Date: December 14, 2009

The Northwest Regional Police are investigating a series of thefts of mail from residential mail boxes. It is believed that during the past week mail has been removed from residential mail boxes in the West Donegal Township area. It is believed that residents had placed outgoing mail in their roadside mail boxes for pick-up by mail carriers. Suspect(s) then removed the mail from the roadside mail box prior to being picked up by the mail delivery carrier.

Police are encouraging residents to place their outgoing mail in standard secure United States Postal Service mail boxes or to drop off their outgoing mail at the post office. Officers are in the process of notifying known victims. The Northwest Regional Police encourage any residents that had placed outgoing mail in their residential mail box to verify that their mailings had been delivered.
